Ring & Pinions

Richmond is the leading manufacturer of professional quality, hi-performance ring and pinion sets. For over 80 years, the Double Diamond has signified the highest quality gears in the racing industry!

The superior quality of Richmond Performance Products is a result of continual research and development, outstanding design and state-of-the-art manufacturing. Extensive testing is performed on all Richmond products. Engineered to perform faster and more reliable, our products are winners both at the Daytona 500 and U.S. Nationals for decades!

MADE IN THE USA!

Richmond Transmissions

Richmond "Bullet Proof" transmissions are packed with power and speed. The superior quality is a result of constant research and development and extensive testing at our Liberty, South Carolina facility. Outstanding engineering design has made the Double Diamond gearing the winner at the track or on the street.

Professional quality and our enthusiastic approach to drivers who demand winning performance are built into every transmission and gear set that carries the Richmond name. MADE IN THE USA
